Tokyo University of Agriculture and Technology Repository Registration Flow: for Academic Journal Articles

* Academic papers that can be registered

Academic papers presented in academic journals by faculty members and graduate students who are affiliated, or were in the past affiliated, with TUAT *.

X The author's affiliation information listed in the academic paper must be TUAT, and the following "①Copyright check" must be complete.

* Registration of academic paper information (metadata) only: for Open Access academic papers only

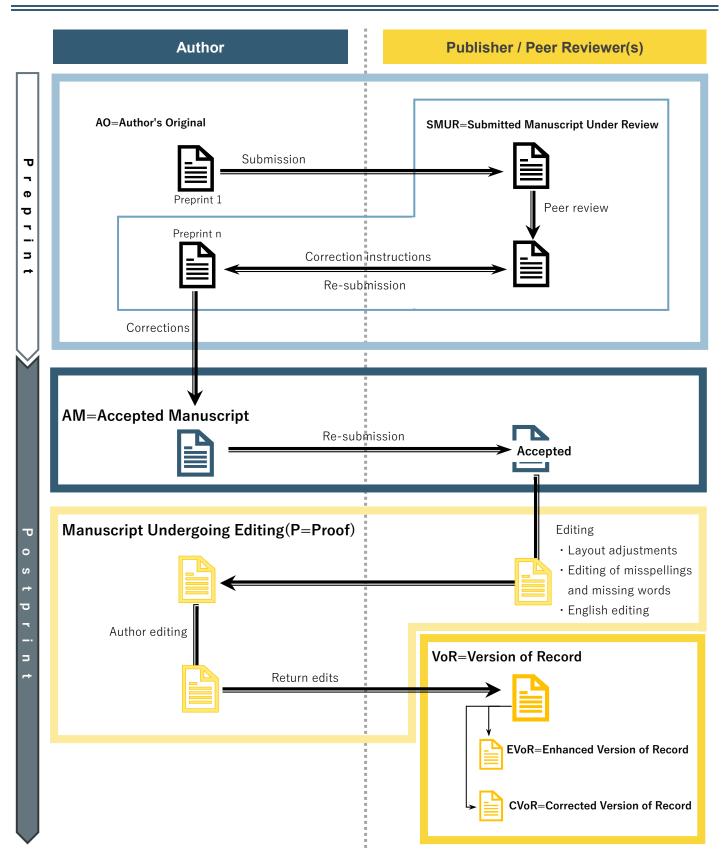

Authors may optionally choose to not have the actual paper registered for Open Access, and instead only register in the Institutional Repository academic paper information (metadata) such as the title, the journal in which it appears, and the DOI (Digital Object Identifier). In this case, start from "③Fill out the application form" below.

Applicant (TUAT faculty members, etc.)	①Copyright check	 [If a Creative Commons license is granted] Follow the license conditions. [If a Creative Commons license is not granted] In the case of a collaboration, obtain consent to Repository registration from all co-authors. If the copyright belongs to a publisher, academic society, etc. Check publisher or academic society requirements regarding the following points through contribution rules, contracts, websites, etc. Is public release in an institutional repository allowed? The version of the draft for which public release is allowed (preprint, accepted manuscript, version of record, etc.) A period of time up until which public release is not allowed (an embargo) Any statements concerning the copyright that are required to be included when releasing publicly (write in the Special Notes field of the application form) O Copyright check reference website Overseas publishers Open policy finder (previously SHERPA/RoMEO) Japanese academic societies Society Copyright Policies in Japan (SCPJ) database
	②File preparation	Prepare the version of the paper that can be publicly released to the TUAT repository in PDF format.
	③Fill out the application form	Fill in the required information in the Tokyo University of Agriculture and Technology Repository Registration and Public Release Application Form. <u>The online application form</u> is also available (for TUAT members).
	④Application	 Send the file you prepared as per the instructions in ② above and the application form from ③ ※If you are unable to use the online application form, we can accept your application via e-mail. If the total size of your file(s) exceeds 5MB, make sure to use a file sharing service. Recipient : Tokyo University of Agriculture and Technology Library, Repository Representative <u>tuat-ir@ml.tuat.ac.jp</u> If you do not receive confirmation of receipt within three business days (days other than Saturday, Sunday, and holidays), please contact the address provided above.
Library	①Check	Please be aware in advance that, after checking the received application form and academic paper file, in some cases the library may need to contact you.
	②Registration	 The library will register the academic paper information (metadata) and academic paper file in the Institutional Repository. ※ Concerning Open Access academic papers for which the paper file is not to be registered, the library will register the metadata only.
	③Public release	The library will publicly release metadata and the academic paper file. Metadata will be promptly released, but academic paper files will not be viewable during the embargo period.
	④Contact	The library will send notification of public release to the contact information written on the application form.

* Even after an applicant ceases to be affiliated with TUAT due to transfer, retirement, graduation, etc., academic papers that have been registered by that applicant will continue to be stored and available to the public unless special circumstances dictate otherwise. If registration data needs to be changed, fill out the Tokyo University of Agriculture and Technology Repository Alteration Request Form, and contact the following representative.
